

# Vibrating Foam Roller

It is a high intensity vibrating foam roller for sports massage and muscle recovery. Vibration therapy (VT) can enhance strength and power, increase blood flow and range of motion (ROM) in the muscle and reduce soreness. You could easily choose vibration level and mode to apply the intensity that you need. It is fast charging with high capacity battery, tailored for professional athletes, fitness enthusiasts etc.

## Features

- Unique pattern projection delivers deeper stimulation that makes it feel as if it's pressing with your fingertips;
- 4 different vibration speeds with 2 wave patterns, you can choose the right amount of speed and intensity that works for you;
- Type-C connector is more convenient in using and it can be fully charged in 3 hours;
- 5000mAh high capacity battery, with a minimum battery life of 5.5 hours, only need to be charged once a month;
- Constructed from quality materials that won't break down or lose shape from repeated use, supporting at least to 150Kg (330 pounds).

- Dynamic texture
- 4-Speed Vibration levels
- Min. 5.5 hours battery

Wireless controller (Optional)

**Level 1**  
Low intensity (2400 rpm)

**Level 2**  
Medium intensity (3000 rpm)

**Level 3**  
Medium high intensity (3600 rpm)

**Level 4**  
High intensity (4200 rpm)

**2 Wave Patterns**  
There are continuous and intermittent vibrating mode for your choice.

**Long battery life**  
Min. 5.5 hours using at Level 4, and max. 11 hours using at Level 1.

**Convenient**  
Wireless remote control
